4 + 1 STUDENT ADVISING

Advising Suggestions for 4+1 Rising Seniors

- Stress that they are not graduate students until they are awarded an undergraduate degree. (i.e., they are not official MBS students).
- Reiterate that their objective is to complete their undergraduate degree successfully.
- Emphasize that they are not expected or advised to complete the MBS degree in one-year. Overloading credits just to get done is not recommended.

Common Questions:

1. What class should I take?
 1. In general, Take **400-level courses** in their respective departments or Externship Experience (16:137:653 (Fall); 16:137:654 (Spring); 16:137:655 (Summer)).

Advising Suggestions for 4+1 Rising Seniors

Common Questions (cont'd):

2. How many credits can I transfer from my undergraduate degree?
 1. You can transfer up to 12 provided that:
 1. You accrued more than 120 credits during your tenure as an undergraduate. Only credits beyond 120 can be counted towards the graduate degree (e.g., Student earns 126 credits as an undergrad → only 6 credits are eligible to transfer,
 2. The level of the course is at least 400-level.
 3. Must be a letter grade of B or better.
 4. Earned at least 9 credits and are in good academic standing as an MBS graduate student.
3. Can I start the MBS degree over the summer?
 1. Yes, provided that:
 1. You were awarded your undergraduate degree.
 2. Accept your appointment as an MBS student and complete all admission processes.

Transferring undergraduate credits (4+ 1 only)

- Can transfer up to 12 credits earned while the student was an undergraduate if they are:

- Undergraduate courses-level 400 or higher **OR** Graduate level MBS course (16:137:XXX) **AND**
- **AND** Earned a grade of B or better

- Earned a minimum of 9 credits earned as a graduate student and be in good academic standing before a transfer can be initiated.
- Contact psmacademics@docs.Rutgers.edu to get assistance with the transfer credit process.

PROBATION AND ACADEMIC PROGRESS

Graduate Academic Policy-Probation

The following are examples of conditions which usually indicate lack of satisfactory academic progress:

- Earning a grade below B in more than 3 courses counting towards the degree,
- Grade point average below B (3.0) for one academic year,
- Excessive course withdrawals (W grades) after the normal course add/drop period,
- Excessive incomplete (IN) grades,
- An F in any course,
- Failure to make up incomplete grades

<https://gsnb.rutgers.edu/academics/policies-and-procedures>

Academic warning

- Students are issued academic warning letters notifying them that they are not making satisfactory academic progress.
- They have 1 semester to remediate.
- If progress is not observed, they are issued a 2nd warning letter and recommended for dismissal.

<https://gsnb.rutgers.edu/academics/policies-and-procedures>

INTERNSHIP

<https://mbs.rutgers.edu/internship-program>

INTERNSHIP

REASON:

If a student wants to pursue an internship

WHAT YOU NEED TO KNOW:

- Internship is not required for graduation if the student has relevant professional work experience.
- Internships are strongly encouraged for student with no formal work experience.
- The MBS department does not place students in internships. It is the student's responsibility to find their own internship.
- To receive academic credits, students need to register for and fulfill the requirements for the class (16:137:608 (Fall), 609 (Spring), 610 (Summer)).
- Students can select **1-3 credits per course, per semester** when they register MBS students
- MBS students typically earn up to **3 credits total for internships**. In special circumstances can take up to 6 credits if approved by the advisor.
- Direct question about the Internship course coordinator to Abbe Rosenthal(abbe.rosenthal@rutgers.edu).
- Required an SPN
