

MBS Venture Forum #25: December 2023

<u>Slot</u>	<u>T#</u>	<u>Logo</u>	<u>Company</u>	<u>Executive Summary (140 characters)</u>	<u>Founders</u>	<u>Coaches</u>	<u>Core IP source</u>
<u>Session 1: Wednesday 13 December 1:00-3:00 pm</u>							
A	27		BeeTox	BeeTox's mission is to save the bees to save ourselves. Our feed additive technology reduces bee loss from pesticides which aids beekeepers.	P. Patel, Perry, Silva, Thurston, Torenli	Bryant	
B	9		HealthHistIQ	HealthHistIQ is a pioneering health-tech company revolutionizing patient care for the better by lowering misdiagnosis and readmission rates.	Areddy, H. Shah, M. Shah, Siegel	Inhaber	
C	10		Translator on Demand	TOD offers an innovative and highly accurate translation system improving upon the cumbersome nature of current language translators.	Abraham, Chauca, Pereira, Smaldone	Yogeshwar	Tony Chan Sion
D	71B		BioMorPhix	BioMorphix excels in 3D bioprinting, crafting rapid, precise tissue implants for revolutionary advances in recovery science.	Mohideen, J. Patel, Sankar, Sharma	Chandorkar	
E	XX						
<u>Session 2: Wednesday 13 December 3:30-5:30 pm</u>							
F	51		GlucLED	The GlucoLED technology is set to revolutionize the management of diabetes through innovative non-invasive continuous glucose monitoring.	Barrera Costa, Chandanaraja, Farrell	Chandorkar	Robert Joseph Petcavich 
G	71A		ImprimeoCell	ImprimeoCell is revolutionizing regenerative medicine through rapid, precise, and customized 3D printed solutions for tissue repair.	Henderson, Howard, Ortiz, Riaz, Simoes	Mathew	
I	3		Secure Drive	Reinventing cybersecurity for the road with a software solution designed to secure vehicles from cyber threats and proactively stop attacks.	Cox, Guerrero, Herrigty, Liu	DeBonis	
H	32		3D Derm	3D Derm is committed to becoming the new gold standard in treating traumatic skin loss. Bioprinting is the future of medicine.	Choi, W. Kim, Masiuk, Tran	Chandorkar	
J	21		BuzzKill	Innovative mosquito trap mimics nature in real time, using biomimicry to lure & trap mosquitoes, combating vector-borne illnesses sustainably.	Jackson, S. Kim, Lennon, Mo	Bryant, Vickroy	Faisal Parambathkandi Kunhumammed
<u>Session 3: Wednesday 13 December 7:00-9:00 pm</u>							
K	31		CogCao	CogCao combines the power of flavor and science to address cognitive impairment with our coffee fruit extract-infused chocolate.	AbuAlhuda, Black, Bosque, Grant	Goldring, Vickroy	
L	42		SafeSight Automotive	SafeSight Automotive introduces our Impaired Driver Assistance System to revolutionize road safety by proactively monitoring.	Cubillos, P. Patel, Saiegh, Xu	DeBonis	
M	62		Interface IQ	AI-Driven User Experience Software testing service where user experience meets business excellence.	Lewis, Navamani, Vaid, Whiffen, McCracken	Yogeshwar	
N	79		CogniTrack.ai	CogniTrack gives healthcare systems a noninvasive tool, in the form of a mobile app, to help detect phases of dementia for their patients.	Alqudah, Gajendran, Yu	Inhaber	
O	35		Produce Guardian	Produce Guardian offers edible coatings that deliver temperature abuse protection and prolonged shelf-life for fruits and vegetables.	Devi, DiAntonio, Gomes, Marrazzo, Morton	Goldring	
<u>Session 4: Thursday 14 December 1:00-3:00 pm</u>							
P	34		GenaKardia	GenaKardia pushes the boundaries of science with a novel mechanism to replace faulty genes and provide durable relief from cardiomyopathies.	Azhir, Jones-Siverson, Kessler	Mathew	
Q	66		ExCellerate	ExCellerate will revolutionize CAR-immune cell technology by utilizing exosomes to improve the lives of cancer patients.	Hanley, Hejzyk, Nicolas	Mathew	
R	40		Wellness Washrooms	Wellness Washrooms revolutionizes health with easy urine and stool diagnostics, ensuring convenience, innovation, and proactive well-being.	Boter, Crispo, Pahari, Quito	Bryant	
S	36		JetFit	JetFit transforms travel by introducing a modular vacuum compression system for existing luggage, maximizing space and simplifying journeys.	Capraro, Dino, Patil, Zhang	Rupert	
T	XX						
<u>Session 5: Thursday 14 December 3:30-5:30 pm</u>							
U	67		SafeSync	SafeSync has an integrated facial recognition system & personalized AI camera that detects distracted drivers to create safety on the road	Khan, Li, A. Shah, Sojan	DeBonis	Daniel Kim
V	99		SkyKnight	SkyKnight: Modernizing railroad inspections with AI and drones for a faster, safer, and cost-effective process.	Chheda, Chuang, B. Kim, Ryan	Rupert	
W	82		GutLog	GutLog is a medical device startup focused on unlocking the power of the microbiome to optimize treatment for patients suffering from IBD.	Hassanin, Helfant, Karkelanova, Rios	Rupert, Vickroy	
X	30		VR Counselors	VR Counselors addresses the gap in mental health training, offering VR-based learning to improve and supplement practitioners' education.	Laguna Lopez, Lora-Fonville, R. Patel, Sookraj	Inhaber, Yogeshwar	Dr. Mohammed Najj Aldossari
Y	18		Livra Botanicals	Livra Botanicals' mission is to redefine wellness with novel personal care delivery methods that support physical and mental health.	Bansal, Edwards, Napue, Rocha, Welch	Goldring
